

Theodore Chadjipadelis received his B.Sc. in Mathematics from the Department of Mathematics, Aristotle University of Thessaloniki (A.U.Th.) in 1980, and his Ph.D. in Statistics and Operational Research from the same department in 1984. From 1981 to 1990, he served as a faculty member at the Department of Mathematics, and from 1990 to 2001 at the Department of Primary Education. Since 2001, he has been Professor of Applied Statistics at the Department of Political Sciences, and since 2008, a Tutor-Consultant in the thematic unit Quantitative Methods at the Hellenic Open University (H.O.U.). His research interests include experimental design, statistics education, the organization and analysis of public opinion surveys, political and electoral behavior, political management, electoral geography, electoral systems, and issues of urban and regional planning and development. He has published more than 300 scientific papers in these fields and has participated in over 100 scientific conferences, many of them as a member of the organizing and scientific committees. He was the chair of ECPR 2025 General Conference. He has also delivered lectures on related topics in Greece and abroad.

He has served as a member of the Board of Directors of the Centre for Educational Research, as representative of the Ministry of Education to EUROSTAT, as national representative for the 6th EU Framework Programme (in the field Citizens and Governance in the Knowledge Society), as a member of the National Council for Administrative Reform of the Ministry of Interior, Public Administration and Decentralization (representing A.U.Th.), and as a member of the Scientific Council of the Institute of Local Government (K.E.D.K.E.–T.E.D.K.N.A.). He participated in the Special Scientific Committee of the Ministry of Interior, Decentralization and e-Governance for the New Administrative and Local Government Architecture (the “Kallikratis” reform), as well as in the special committee for the Electoral Law. He contributed to the design of the election system for the Councils of Universities and Technological Educational Institutes (A.E.I. and T.E.I.). He served as a member of the Board of Directors of the Information Society S.A. (April 2010 – October 2012) and as President of the Interim Administration Committee of the University of Western Macedonia (2011–2015). Since 1982, he has been involved in various capacities in the central governing bodies of the national academic staff association (POSDEP).

He has been elected (until 2027) as the representative of the Hellenic Data Analysis Society to the International Federation of Classification Societies (IFCS). He is President of the Hellenic Polling Oversight Committee, member of the Steering Committee of the Political Methodology Section of the ECPR, and A.U.Th. representative to the ECPR. He participates in the committee for the formulation of the Local Government Code (Ministry of Interior). He is Chair of the Interdepartmental Postgraduate Program “Governance and Regional Development” of the School of Social and Economic Sciences, A.U.Th., President of the “Alexandrian Center for Social Research”, and Director of the “Observatory for Democracy in the Balkans, the Black Sea and Southeastern Europe” (A.U.Th./Ministry of Interior). He is also Director of the Postgraduate Program “Public Administration and e-Governance” of the School of Social Sciences, Hellenic Open University.

He represents A.U.Th. in the European projects AI4GOV (Artificial Intelligence for Governance – HORIZON Project) (collaboration of 20 research teams), SOL4ALL (Solidarity for All) (collaboration of 10 teams) and EU Have a DREAM (collaboration of 10 teams). He has coordinated the Greek sections of the Comparative Candidates Survey (CCS) — a collaboration of 30 research teams — and the Comparative Study of Electoral Systems (CSES). He also represented Greece in the COST Action “The True European Voter: A Strategy for Analysing the Prospects of European Electoral Democracy That Includes the West, the South and the East of the Continent (TEV) (ISCH Action IS0806)”, approved in November 2008.
